

Newsletter February 2015

To All Parent/Carers

This month's newsletter will be short and sweet!

February has brought us a new member of staff, Heather Kirton who has already slotted into the team and is popular with the children.

The children have been enjoying playing in the vets and our own castle, making swords, shields and crowns.

We are continuing to look at creatures from Scotland and are presently collating all the questions and answers in a book to be shared with all.

Development Plan – Garden Area

We have started making plans to enhance our garden/play area and will be consulting with the children this month for their ideas.

It is our plan then to share these with all parent/carers and integrated your ideas too.

So if you have any ideas please share them when you get the opportunity!

Story Packs

Can you please ensure that any overdue story packs are returned to allow them to be reallocated?
